

Call by the Coordinating Council of Iranian Teachers' Trade Associations

Public Mourning and School Closure, February 2026 ,18

The Coordinating Council of Iranian Teachers' Trade Associations declared Wednesday, 29 Bahman, a day of public mourning and strike, citing the killing of more than 230 children and the empty school desks left behind. Teachers were asked not to attend classes, and parents were urged not to send their children to school for safety. The public was invited to join the fortieth day memorial ceremonies.

The statement stresses that children's lives come before any expediency and must not be forgotten.

A coordinated Twitter and Instagram storm will also be held on Thursday, 30 Bahman, at 21:00 Iran time.
